

## Work Orientation

## FETAC Level 3

### Overview

This course is ideally suited to CE participants who are interested in setting up a practical business. Support and advice is given to the individual during one to one sessions with our Career Coach. Candidates will then use their CE work experience time to pilot their project or test out career options. The course will look at their own abilities and strengths to see where they want to go. They will also look at the world of work and receive help in completing application forms for funding sources, business plans and help and advice on updating their own CV.

### Benefits

- Help and advice in deciding where you are going or want to go
- An individual training and career action plan
- Advice on setting up a business
- Advice on seeking the relevant supports to help you get your business/ career started
- Advice on how to use work experience to “try out” new career ideas

### Course Content:

- Candidates will research businesses in their local area, to see what competition is around for their own business idea
- Research job prospects in your chosen field and apply for work experience positions suited to your needs
- Candidate will update CV and write application letters for work experience.
- Candidate will then complete work experience and maintain a work experience diary.
- Upon completion of work experience, the candidate will evaluate the work experience as a whole and look at further progression options including setting up their own business or applying for positions in their chosen field

### Accreditation:

Upon successful completion of this course, participants will receive a Fetac Level 3 Work Orientation Certificate
